MOMENTUM . . . *the Force of a* **Moving Body!**

HOUSE OF MERCY NEWS

In The End of 2010

As 2010 draws to a close and we look back over all that has happened in our lives this year, we can truly say that we've been blessed and we have a testimony. We began this year in the knowledge that the number 10 signifies *the perfection of Divine order*. And with that perfection comes testing. As God established Divine Order within the body of Christ, we were tested and tried.

The curtain went up on this year also with us learning the meaning of "*Momentum . . . the Force of a Moving Body*." We learned how God would use that Momentum to under gird each of us as He performed a quick work in our lives. We have been provoked, moved, repositioned, and aligned. We have been taught how to "Stand Up and Fight" and we learned how to "Wage War" against our enemy.

In the last quarter of this year, God gave us a profound revelation about *Faith* complete with examples and instructions. This new perspective on faith has provided us access to un-

tapped reservoirs in the spirit; reservoirs that will cause all things to work together for our good.

Call it shifting, call it stretching, call it transitioning, call it a makeover, we call it PREPARED. We know something is moving and something is changing. We know this by the events we have experienced both corporately and individually in this year. God confronted us this year to determine if our *faith* passed the litmus test. He orchestrated our lives on a path that was certain to clarify for us in reality, faith is a verb. Faith is **not what you have, it's what you do**.

It is a way of life. According to *Heb. 10:38* "Now the just shall live by faith..." and they live so because they have been processed through *Death, Burial* and *Resurrection*. They *just* have died to leaning to their own understanding. The *just* have buried any form of co-dependency or self-reliance. The *just* have been resurrected in the power and might of their *FAITH* through Christ Jesus.

As the clock begins its descent on the year of test, the church has learned the time is NOW (*No Opportunity Wasted*) to prepare for the advent of our year of promise. A new year **complete with God's promises** of restoration, healing, provisions, and prosperity. As our year of test draws to a close we rejoice for the completion of *Divine Order* and with great anticipation we await the God release in 2011. We release our faith with confidence expecting to participate in the mightiest harvest of souls ever reaped for the Kingdom of God.

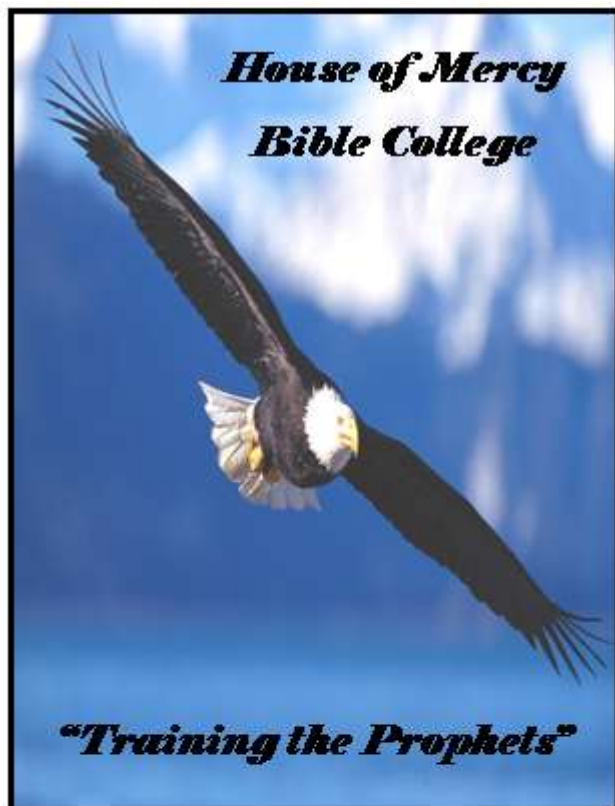

As we mark this memorable occasion, let us "**Build An Altar**" in our hearts and give a "**Prevailing Praise**" to *Our God, Our Source!*

Happy New Year!
